Dewan's minute regarding the reduction of establishment charges of the Mysore City Improvement Trust Board -

4) According to the sanctioned budget of the Trust Board for the current year the total receipt including the opening balance is estimated at Rs 1 80 000/- and the whole of it -- is proposed to be spent before the close of the year

5) For the next year the Government grant will be reduced from Rs 1 lakh to Rs 65 000/- and there should necessarily be contraction in the operation of the Board in respect of acquisition of properties and construction of drainage and other works

6) I fear it may not be possible for some years at least to restore the Government grant to the original level of Rs 1 lakh

7) As the Government grant forms the main resources of the Board there is need for the reduction of the establishment charges to the minimum possible with reference to the revised grant

8) Under existing sanction the annual

General and Revenue Secretariat | File No | of 193

annual establishment charges amount to about Rs 40 000/- of which a sum of about Rs 11 000/- is met by contribution from the Mysore Municipality towards the moiety of pay of Chairman Engineer and Drawing establishment The net establishment charges debitable to the Board is about Rs 29,000

9) I think it should be possible to reduce these charges by about Rs 9 000/-

10) The following are some of the directions in which economy in the establishment charges may be secured

11) (1) The question of combining the duties of the Chairman and the Engineering Officer or the appointment of a retired Officer with a remuneration of not more than Rs 500/- as Chairman may be considered

A

12) (2) The clerical establishment is capable of reduction by at least 3 or 4 hands The posts of special grade Sub Overseers on Rs 80 to 100 may be abolished

13) (3) The menial staff which consists of 11 men seems to be susceptible of reduction in view of the fact that the Chairman is also the President of the Mysore City Municipality and as such a separate menial establishment is provided for at the cost of the Municipal funds

14) Before arriving at a decision in this matter it is desirable to obtain the views of Mr A G Rama Iyer as to how the present level of expenditure

18) It is practicable to reduce the present scale of establishment charges from Rs 29,330 (at present) by about Rs 6000 by effecting retrenchments in the Engineering, clerical and menial establishments In anticipation of this the Trust Board's draft budget has been revised accordingly and is under submission to Government The detailed proposals are being worked up and will be submitted with the approval of the Board

19) It may also be kindly considered in this connection whether the Trust Board is not being charged with an undue share of the pay of the President Engineer and Draftsman At present the Trust Board is bearing one-half of these charges In the present altered conditions in the resources of the Trust Board it seems to me that the share of the above expenditure to be borne by the Trust Board may be reduced from one-half to one-third or even one-fourth ~~Such~~ This proposal would further reduce the establishment charges of the Trust Board by another 3 to 4 thousand rupees or Rs 9000 to Rs 10,000 in all

20) It would reduce hardship if two Subovereers could be absorbed in the D P W and the retrenched clerks and peons could be provided for in the Municipal vacancies About the second item the permission of the Ml Comm and Government have been applied for

Letter No 562 dated 8th October 1926 from the Chairman, City Improvement Trust Board, Mysore, forwarding for sanction, a proposition statement re the revision of the scale of establishment of the Board, showing the existing and proposed scales resulting in a net savings of Rs 174 per annum and approved by Board

Order No L 4847-8/M1 48-26-37 dated the 25th January 1927

The Chairman reports that the present proposal is only the last of a series of measures which have resulted in a saving of over Rs 8,202 per annum in the establishment charges of the Board as a whole

It is also stated that the Chief Officer of the Municipality had been drawing an allowance of Rs 50/- per mensem under Government order No Fl 2008-57/S & A 7-22-9 dated 3rd November 1922 for helping the Chairman of the Trust Board in Land Acquisition and Revenue work This arrangement having ceased from 1st July 1926 the collection work of the Trust Board receives only such supervision as the Chairman and the Engineer amidst their Municipal and other duties, can spare for it It is therefore proposed to utilise the services of the Revenue Officer to collect the dues of the Trust Board which require, in several cases, detailed investigation to the circumstances of the parties etc, and to give him an allowance of Rs 25/- per mensem instead of Rs 50/- previously paid to the Chief Officer

Government have considered the proposals and are pleased to sanction the same The officials may as proposed by the Board be put in the new grade from 1st August 1926

Note on retrenchment of establishment in the Trust Board

The present scale of establishment charges of the City Improvement Trust Board amounts to Rs 29,330/- p annum (vide schedule annexed hereto) This is considered to be far out of proportion to the income of the Trust Board which is composed mostly of the Government grant which has since been reduced from Rs 1,00,000/- to Rs 65,000/- It is understood that it may not be practicable to restore the grant to Rs 1,00,000/- even in the next two or three years It has therefore become imperative to reduce the scale of establishment charges On a careful examination of the quantity of work to be done hereafter and the minimum establishment necessary to cope with that work it is found that retrenchments could be effected in (1) the outdoor executive staff (2) the clerical staff and (3) menial staff The following proposals are suggested for consideration under each head -

(Vide statement attached)

These proposals involve a saving of Rs 502x12 or Rs 6,024/- in 1931-1932 and Rs 7,344/- in 1932-1933 in the establishment charges Adding to this a sum of Rs 55/- proposed to be reduced under other items such as allowances etc , the total savings under establishment charges will be Rs 6,079/- The places retrenched may be treated as supernumerary and the permanent scale of establishment reduced

On the occasion of similar retrenchment in the Trust Board establishment some years ago, some hands were absorbed in the Municipal establishment (e g Mutsaddy, G S Subba Rao recently retired from Municipal service and Mutsaddy Mallappa now Sanitary Overseer in the Municipality) In one instance of an official who had put in 3 years service, Government sanctioned his absorption as an exemption to the Central Recruitment Board rules in a future vacancy in the Municipality or a Government Department (vide Government letter No 5643 C R B dated 20th May 1927) He was accordingly absorbed in a Municipal vacancy For purposes of promo-tion in Municipal service, the City Improvement Trust Board office is rekoned in the Municipal bye-laws as a section of the Municipal service (vide para 2 page 19, Municipal byelaws) Similar proposals are suggested now for absorption of the retrenched clerical establishment The Municipal Council has no objection
